Jeffrey Geller, MD <i>New York, NY</i>	Todd M Miner, MD <i>Denver, CO</i>	Mark W Zawadsky, MD <i>Oakland, CA</i>
Nicholas J Giori, MD <i>Palo Alto, CA</i>	Stephen F Mitros, MD <i>South Bend, IN</i>	

AAHKS membership renewal

AAHKS Active, Candidate and Associate members received their 2008 Dues invoices via e-mail in early January. If you haven't done so yet, please renew your membership now, to avoid uninterrupted service.

Why should you renew your Membership in AAHKS? Here is a sampling of programs and services offered by AAHKS:

The Annual Meeting provides a convenient weekend forum for continued learning from respected researchers and health care leaders, social interaction with your peers, and exposure to new technology and industry contacts. The Annual Meeting offers convenient access to continuing medical education for members at preferential registration rates. The AAHKS provides membership-only eligibility for academic Awards and facilitates research grants through OREF. The AAHKS advocates increased federal funding for research that specifically supports physician issues impacting patient care.

Our Association actively participates in AAOS initiatives through the Board of Specialty Societies and at the National Orthopaedic Leadership Conference in Washington, DC, and is a founding sponsor of the US Bone and Joint Decade. The AAHKS is a major supporter of the AAOS Washington office Regulatory Advisor position and frequently collaborates on important legislative issues to become a more effective agent of change and to make sure your perspective is heard at federal discussions.

The AAHKS is represented in the AMA Physician Consortium and maintains a seat in the AMA House of Delegates, which allows joint sur-
